

H Series

Application: metal plate cutting

- ☑ Fully enclosed cover, stay away from laser radiation, concentrate smoke exhaust, safe and environmentally friendly
- ☑ Two changeable work table, time saving and efficient
- ☑ Cutting head modular design, ultra-low failure rate
- ☑ Various work area, can cut small to large plate
- ☑ Configured with 1.5kW to 40kW fiber laser source, can cut thin to thick plate
- ☑ Optional beveling cutting

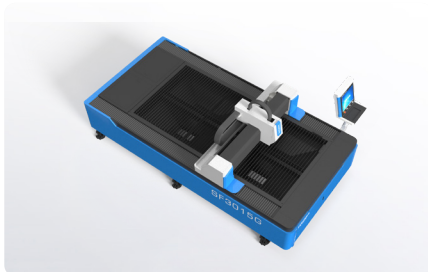

Model	C generation	S generation	4th generation	5th generation
Work area(mm)	3050*1530	3050*1530/4050*2030 6050*2030/6050*2530	3050*1530/4050*2030 6050*2030/6050*2530 8050*2530/12050*2530	3050*1530/4050*2030 6050*2530/8050*2530 12100*2530
Laser power(kW)	1.5/2/3/4/6	1.5/2/3/4/6	8/12/15/20	8/12/15/20/30/40
Work table	2	2	2	2
Fit into 1*40HQ container	Yes	No	No	No

Application: metal plate cutting

SF3015G

- Best seller, cost-effective
- The machine runs stably and low failure rate
- Fast delivery, delivery time is 3-7 days
- Single table, small footprint, save space
- Standard packing, easy transportation

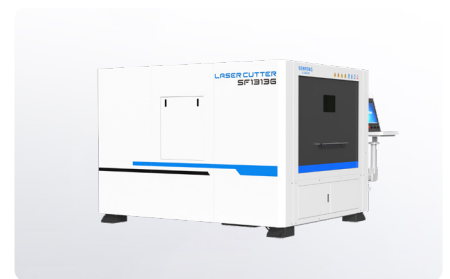

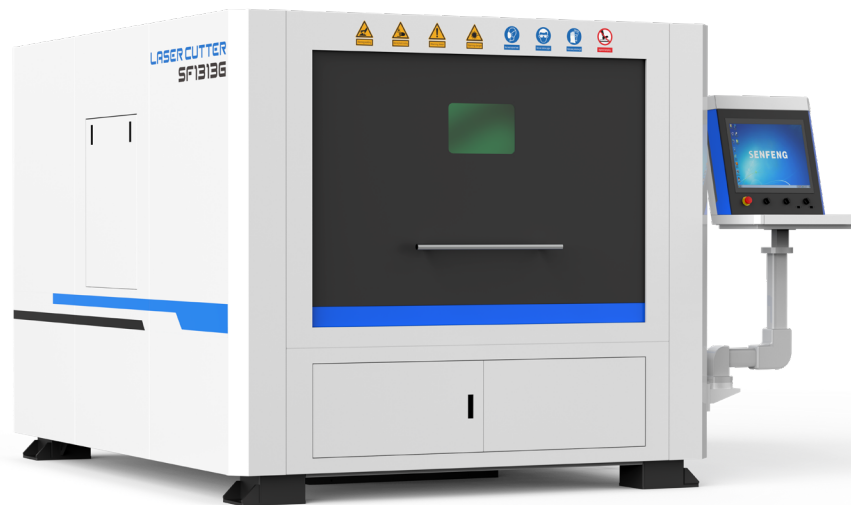

Model	SF3015G/SF4015G/SF4020G/SF6015G/SF6020G
Working area(mm)	3050*1525/4050*1525/4050*2020/6050*1525/6050*2020
Laser power(kW)	1.5/2/3/4

Application: metal plate cutting

SF1313G

- ✓ Smaller footprint, save more space
- ✓ Fast delivery, delivery time is 3-7 days
- ✓ Pull-out table, easy loading and unloading
- ✓ Fit into 1*20GP container
- ✓ Designed for cutting small workpiece
- ✓ Fully enclosed cover, stay away from laser radiation, concentrate smoke exhaust, safe and environmentally friendly

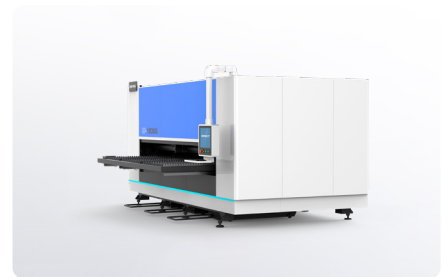

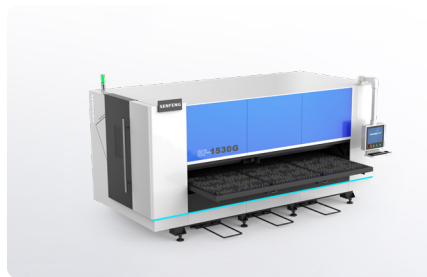

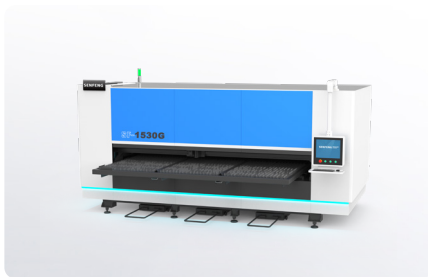

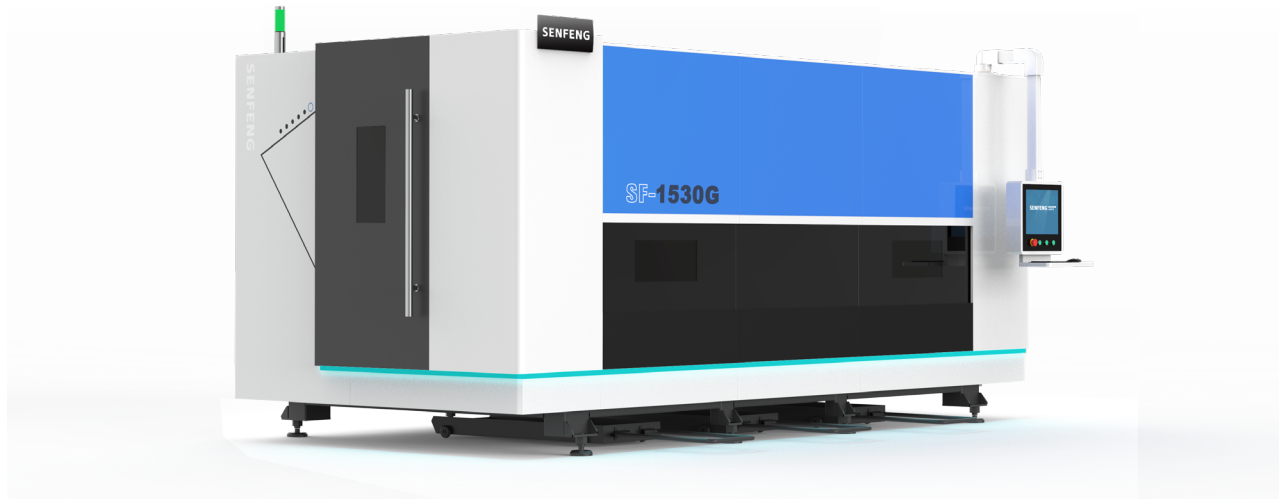

Model	SF1313G
Work area(mm)	1300*1300
Laser power(kW)	1.5/2/3

Application: metal plate cutting

SF1530G

- ✓ Fully enclosed cover, stay away from laser radiation, concentrate smoke exhaust, safe and environmentally friendly
- ✓ Pull-out table, easy loading and unloading
- ✓ Single table, small footprint, save space
- ✓ Fit into 1*20GP container

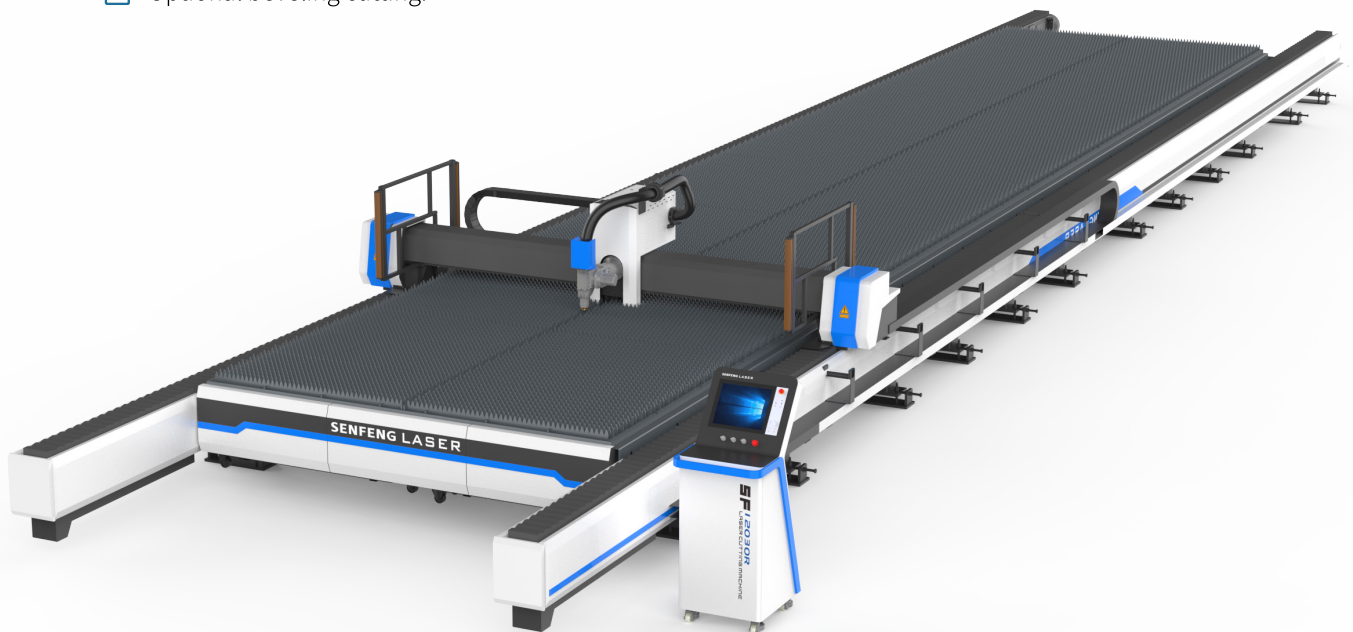

Model	SF1530G
Working area(mm)	3050*1530
Laser power(kW)	1.5/2/3

Application: metal plate cutting

Ultra-large Series

- ✓ Designed for cutting long and large metal plates;
- ✓ Thick plates can be cut in batches;
- ✓ Large cutting format, can be customized;
- ✓ Easy to disassemble and low transportation cost;
- ✓ Optional beveling cutting.

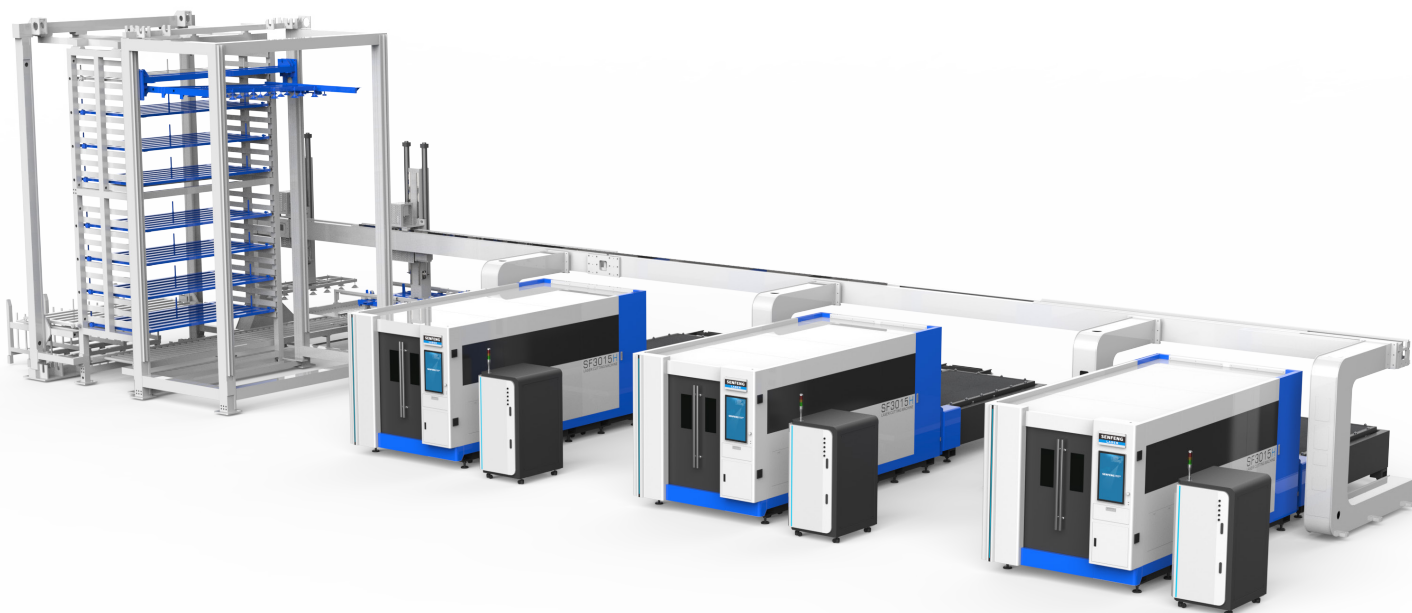

Model	SF6030R/SF6040R/SF12030R/SF20040R	SF6030TX/SF6040TX/SF12030TX/SF20040TX
Work area(mm)	6000*3000/6000*4000/12000*3000/20000*4000	6000*3000/6000*4000/12000*3000/20000*4000
Laser power(kW)	8/12/15/20/30/40	8/12/15/20/30/40
Beveling cutting	No	Yes

Application: metal plate cutting

Automatic Laser Cutting Production Line

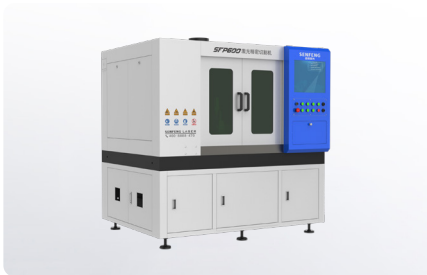

- ✓ Realizing unmanned continuous operation
- ✓ Can be customized according to specific workshop processing needs

Application: metal plate cutting

SFP600

- ✓ Designed for cutting small metal plates
- ✓ Designed for precision cutting
- ✓ Designed for cutting thin metal plates: 0.2mm-5mm
- ✓ Smaller footprint, saving more space

Model	SFP600
Work area(mm)	600*600
Laser power(kW)	1.5/2/3
Size(mm)	1800*1430*1800
